

REQUEST FOR VISITING FACULTY APPOINTMENT

Visiting Faculty are full-time faculty appointments, for up to one academic year, for individuals from outside SDSU who are recognized in their field and whose employment at SDSU would benefit the mission of the university.

Visiting Faculty appointments are temporary and non-renewable, and may not exceed one academic year in duration, include summer assignments, or cross over academic years. An appointee will not be eligible for a subsequent appointment in the Visiting Faculty classification.

Appointments in the Visiting Faculty classifications must comply with the provisions of Articles 12.29 and 12.31 of the collective bargaining agreement. Certain provisions are excluded; for example, incumbents are not eligible to serve a probationary period, gain tenure, or earn an ongoing entitlement.

This form must be accompanied by the candidate's curriculum vitae and separate written recommendations from a Departmental Peer Review Committee, Department Chair or School Director, and the Dean of the College.
