

LIBRARY AND INFORMATION ACCESS CHECKLIST FOR VALIDATION OF WPAF

Validation provides an opportunity for the candidate to complete and correct their WPAF before the review process begins. If any inconsistencies or missing items are discovered in the WPAF after validation, at any level of review, the WPAF will be returned to the College RTP Rep for correction by the candidate.

FACULTY COMMITTEE MEMBER or CHAIR - Checklist for WPAF Validation

Any member of the peer review committee may validate the WPAF.

1. Verify that each "significant item" represents one accomplishment, not a "group" of accomplishments.
2. For all professional growth items included in the WPAF as significant items or indicated on the CV, verify that the following information (if applicable to the item) is represented accurately and completely:
 - Peer review status: each item should indicate whether the manuscript underwent peer review or whether the creative work was invited or juried
 - Page length
 - Authorship / PI status
 - Other status or quality indicators provided by the candidate (eg., journal acceptance rate)
