Interfolio

- Complete process (application, review, approval) will be done within Interfolio.

- Cases will be created by Faculty Advancement

- Staff and candidate guides have been created for your reference

- Template letters are available for letters of recommendation and for the cover letter memos that include candidate rankings
General Process Overview

- Departments notify eligible faculty
- Faculty confirm if they wish to apply and departments forwards this information to Faculty Advancement
- Faculty Advancement creates cases in Interfolio and notifies faculty when their case is ready
- Faculty complete their application within Interfolio
- Department/school committees, chairs/directors, college committees, and deans review applications, write recommendation letters, and rank when appropriate
- Faculty Advancement works with the Provost to review applications and issue decisions
- Faculty are notified of the Provost's decision
Staff Role

- Email all eligible faculty and confirm whether they wish to apply for Sabbatical/DIP this year

- Provide Faculty Advancement with a list of faculty who intend to apply for Sabbatical/DIP this year and a list of all committee members

- Ensure your level of review completes their required tasks within the appropriate time frame

- Upload letters of recommendation and cover letter memos, with rankings, into Interfolio for your level of review

- Move cases forward as levels of review are completed

- This memo is separate from the recommendation letters, as recommendation letters are written for individuals and cover memos are written as a summary of the applicants within your college/department.

- See Staff Guide for specific instructions on how to review cover memos
Letter of Recommendation

- Formatted so each level of review could use the same template

- Includes important points that should be included in the letters
